

# La Pelle

2018 CABERNET SAUVIGNON  
Saint Helena ~ Napa Valley  
Alluvium Vineyard

Alluvium Vineyard is located in St. Helena AVA, on the westside of Highway 29, where the soils are mainly alluvial fans. Vines are nearly 40 years old, California sprawl, sustainable farming. 22 months in barrel, 75% new oak, all French coopers; Taransaud, Sylvain, Ermitage.

The nose pops of graphite tones from the terroir with layers of brambleberries, black plums, and mountain herbs. The palate has a heavy mouth feel with sophisticated tannins, minerality and a polished texture. Well structured, vibrant, layered with opaque fruits and hints of French oak and spice.

A long and expressive finish is enjoyable while young and has potential to age for a few decades.
