

La Pelle

2023 SAUVIGNON BLANC
Napa Valley

Sourced from our dry-farmed, old vines in St. Helena, our hallmark site since 2016 - this wine reflects the cool 2023 vintage and the deep-rooted purity of its alluvial soils. The nose is crisp and aromatic, bursting with white grapefruit, lime zest, and green melon, accented by jasmine, lemon verbena, and wet stone. A delicate herbal thread of fennel and fresh thyme adds lift and complexity.

The palate is precise and silky, delivering a lively core of citrus, lime, and clementine, balanced by a subtle creaminess from extended lees contact.

The dry-farmed vines impart remarkable depth and concentration. The finish is saline, mineral-driven, and elegant, leaving a lasting impression of energy and focus. With exceptional natural acidity from the cool season, this Sauvignon Blanc is a vibrant snapshot of 2023, perfect for immediate enjoyment.
